

BARGAINING BULLETIN

Issue 2

April 19, 2013

LOCAL TABLE

On April 12, 2013, the VTF Bargaining Team met with the employer for our fifth meeting. New Post and Fill language has long been a high priority for our members and it was gratifying to be able to table language in this area for the first time in fifteen years. Discussions proceeded on previously tabled items as well.

At the bargaining table your team asks questions of the Board, clarifies understandings, and writes and proposes language that reflects the objectives given to us by our members. We also respond to the proposal presented by the Board. Currently we are discussing the issue of insurance coverage while voluntarily participating in extra-curricular activities.
